

# YOUR SEPTIC SYSTEM DESERVES PROTECTION THIS WINTER

## FREEZING TEMPERATURES MEAN...

- ❄ The odds of septic system failure increase significantly.
- ❄ Why? Because, bacterial digestion rates slow down in colder temperature.
- ❄ Slow downs can lead to failures and that means major disruption and repair costs.

## SEPTO CLEAN IS A PROVEN, ALL NATURAL, AND ENVIRONMENTALLY SAFER ACTIVATOR FOR SEPTIC TANKS

- ❄ Septo Clean ensures the action of your septic system remains at optimal performance.
- ❄ Septo Clean minimizes sludge build up in the septic tank and tile bed.
- ❄ Septo Clean prevents septic system backup.
- ❄ Septo Clean protects your investment for about 50 cents per week.
